* The designation "Primary" has been applied to Irish Census publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools being the first. See Rules of the Commissioners of National Education, page 5.

NOTE.

It has been considered desirable (as in 1871 and 1881) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness, should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Cavan; and purpose giving similar Tables from time to time, for each County in the Province of Ulster, at such intervals as the progress of the work will permit, to be followed by those of Connaught.

The remaining 22,768 acres, or 5·0 per cent., were returned as under "Roads, Fences, &c., &c."

In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Total,	129,476	111,917	17,559	13·6	Total,	129,476	111,917	17,559	13·6

From the foregoing Statement it will be observed that the highest per-centages of decrease in the Baronies took place in Castlerahan and Clankee, viz., 16·5 and 15·0 respectively; and the lowest in Tullyhaw and Loughtee, Lower, viz., 9·2 and 10·0 respectively. The highest per-centage of decrease in the Poor Law Unions occurred in Ballieborough, and the lowest in that portion of Enniskillen situated in this County.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the County in 1891, 92·66 per cent. were born therein; 3·00 per cent. in other Counties of the Province of Ulster; 2·13 per cent. in Leinster; 0·19 per cent. in Munster; 1·32 per cent. in Connaught; 0·49 per cent. in Great Britain; and 0·21 per cent. were born abroad.

Towns having, in 1891, a population of 2,000 and upwards, are classified in the Tables as civic districts.

Civic Districts. (Table v.)

The County contains one such district, the population of which in 1881 amounted to 3,050; in 1891 it was 2,968, showing a decrease of 82 persons, or 2·7 per cent; in the rural districts of the County the decrease was 13·8 per cent.

Parliamentary Representation. (Table v.)

There are two Parliamentary Divisions in the County, viz., West Cavan and East Cavan, each returning one Member to Parliament; the former division having, in 1891, a population of 57,515, and a constituency of 11,281; and the latter a population of 54,402, and a constituency of 9,217.

Religious Professions. (Table xxviii.)

The following Statement shows, according to Religious Professions, the number of persons in 1881 and 1891, and the increase or decrease during the decade:—

Religious Professions	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1881–1891.		
	1881.	1891.	1881.	1891.	Increase.	Decrease.	Rate per cent.
Roman Catholics,	104,685	90,508	80·9	80·9	—	14,177	13·5
Protestant Episcopalians,	19,022	16,391	14·7	14·6	—	2,631	14·0
Presbyterians,	4,396	3,869	3·4	3·4	—	527	12·4
Methodists,	1,088	1,046	0·8	0·9	—	42	3·9
All other Denominations (and Religion unascertained),	285	177	0·2	0·2	—	108	37·9
Information refused,	—	16	—	—	16	—	—
Total,	129,476	111,917	100·	100·	—	17,559	13·6

From the above Table it will be seen that of the total population of the County in 1891, 80·9 per cent. were Roman Catholics, 14·6 per cent. Protestant Episcopalians, 3·4 per cent. Presbyterians, 0·9 per cent. Methodists, and 0·2 per cent. members of other Religious Denominations. During the decade there was a

decrease in the number of Roman Catholics, amounting to 13·6 per cent.; Protestant Episcopalians declined 14·0 per cent.; Presbyterians, 13·4 per cent., and Methodists, 3·9 per cent.

Education. (Table xxx.) The following Statement shows the Educational Status of the Inhabitants of the County of Cavan in 1861 and 1891, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms:—

Degrees of Elementary Education.	1861.		1891.	
	Number of Persons.	Rate per cent.	Number of Persons.	Rate per cent.
Read and Write,	67,943	52·5	72,257	64·6
Read only,	21,505	16·6	12,793	11·4
Illiterate,	40,028	30·9	26,867	24·0
Total,	129,476	100·	111,917	100·

From the above it will be seen that whereas, according to the Returns of 1861, only 52·5 per cent. of the Inhabitants could "read and write," in 1891, 64·6 per cent. could do so; that the per-centage of the population who could "read only" in 1861 was 16·6, and in 1891, 11·4; and that the per-centage of the "illiterate" fell from 30·9 in 1861 to 24·0 in 1891.

(Table xxxii.) The following Statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate:—

	1861.			1891.		
	Males.	Females.	Total.	Total.	Males.	Females.
Population, 5 years old and upwards,	57,538	57,713	115,249	101,333	51,330	50,003
Number of these Illiterate,	12,660	13,121	25,801	16,263	8,591	7,672
Proportion per cent.,	220	227	224	16·1	16·7	15·4

From the foregoing Statement it will be seen that, in 1861, 22·4 per cent. of the inhabitants aged five years and upwards were Illiterate (22·0 per cent. of the males and 22·7 of the females), and that, in 1891, the per-centage was but 16·1 (16·7 of the males and 15·4 of the females).

Religious Professions and Education. (Table xxxiii.) Taking Religious Professions and Education in combination, it appears that in 1891, excluding children under five years of age, 18·1 per cent. of Roman Catholics, 6·2 per cent. of Protestant Episcopalians, 4·6 per cent. of Presbyterians, 3·9 per cent. of Methodists, and 5·5 per cent. of "all other Denominations" were Illiterate.

School Attendances. (Table xxxvii.) The number of children attending school in the County of Cavan, according to the Census of 1861 (week ending 14th May), was 18,266, or 38·4 per cent. of persons aged 5 years and under 20; in 1891 the number returned (for week ending 30th May) was 17,464, or 43·6 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.) In 1861 the number of persons in the County of Cavan returned as Sick, on the night of the Census, was 702, or 1 in every 184 of the population; in 1891 the number so returned was 688, or 1 in every 190 of the population; of the latter number 405 were at their own homes, and 163 were in hospital.

Pauperism. (Table x.) The number of persons returned in 1861 as receiving relief under the Poor Law System was 2,153, or 1 in every 60 of the population; of this number 774 were inmates of Workhouses, and 1,379 were in receipt of outdoor relief; in 1891 the number returned was 1,626, or 1 in every 89 of the population; 477 of these being in the Workhouses, and 1,148 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.) For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General, the number of Marriages registered in the County of Cavan, during the ten years ending 31st March, 1891, was 3,756, equal to an average annual rate of 3·1 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·3 per 1,000.

The number of Births registered in the County during the ten years was 24,590, affording an average annual rate of 20·4 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·2 per 1,000.

The Deaths registered during the decennium amounted to 17,514, being equal to an average annual rate of 14·6 per 1,000; the corresponding rate for the whole of Ireland was 17·8 per 1,000.

Emigration. (Table xxxviii.) The number of Emigrants from the County during the ten years ending 31st March, 1891, amounted to 21,679 (10,715 males and 10,964 females); the number for the decade ending 31st March, 1881, was 19,376, for that ending 31st March, 1871, 22,348, and for that ending with March, 1861, 36,502, making a total of 99,905 for the forty years.

Registration of Births and Deaths and Emigration. Decrease in the Population. The number of Births registered during the ten years ending 31st March, 1891, being 24,590, and the number of Deaths, 17,514; a natural increase of 7,076 would appear to have taken place in the Population; but the Emigrants, during the same period, having amounted to 21,679 the net result shown, by this method of calculation, is a decrease of 14,603· the decrease in the population, as shown by the Census Returns, amounts to 17,669.

The Navy and Military serving in Ireland are included in the Population Tables in 1861, 1871, 1881, and 1891, but not in previous Censuses. There were 41 Military returned as serving in the County of Cavan in 1891.

(a) The Civic Districts comprise all Municipal Boroughs, Townships, and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second what might be considered a good farm house, having from five to nine rooms and windows; and in the first class of all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st Class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools being the first. See Rules of the Commissioners of National Education, page 5.

NOTE.

It was considered desirable (as in 1881) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness, should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, have presented Tables for each County in the Provinces of Leinster and Munster, and three Counties in Ulster, and now present the following Tables for the County of Donegal; purposing to give similar Tables from time to time, for each of the remaining Counties, at such short intervals as the progress of the work will permit.

CENSUS OF IRELAND, 1891.

COUNTY OF DONEGAL.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in 1881, and give the following Summary of the results obtained respecting the County of Donegal from the Census Returns of 1891.

SUMMARY.

Area.

The County of Donegal covers an area of 1,197,153 statute acres, or 5·8 per cent. of the total area of the country.

Distribution of Land. (Table f.)

According to the Agricultural Statistics (Ireland) for last year (1891), there were 165,536 acres under tillage, 66,055 under meadow and clover, and 410,259 under pasture, making a total of 641,850 acres of Arable Land, or 54·7 per cent. of the total extent of land in the County; 6,186 acres, or 0·5 per cent., under Plantations; 107,874 acres, or 9·2 per cent., under Turf Bog; 52,563 acres, or 4·5 per cent, under Marsh; and 320,645 acres, or 27·3 per cent., under barren Mountain Land. The remaining 45,155 acres, or 3·8 per cent., were returned as under "Roads, Fences, &c., &c."

Population. (Table ii.)

The number of persons in the County of Donegal according to the Census, was—in 1841, 296,448; in 1851, 255,158; in 1861, 237,395; in 1871, 218,334; in 1881, 206,035; and according to the recent Census, **185,635** (**91,478** Males and **94,157** Females), or **9·9** per cent. less than in 1881.

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration was 36,508, the average number of persons in a family being thus 5·0; and the number of Inhabited Houses was 35,959, showing an average of 5·1 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables iii. and vi.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1881 and 1891, and the decrease during the decade:—

Baronies.	Population.		Decrease between 1881 and 1891.		Poor Law Unions.	Population.		Decrease between 1881 and 1891.

Total,	206,035	185,635	20,400	9·9	Total,	206,035	185,635	20,400	9·9

From the foregoing Statement it will be observed that the highest per-centages of decrease in the Baronies took place in Raphoe, South, Raphoe, North, and Tirhugh viz., 13·4, 11·3, and 11·3 respectively; and the lowest in Boylagh and Kilmacrenan, in each of which the decrease was 8·1 per cent. The highest per-centage of decrease in the Poor Law Unions occurred in Stranorlar, and the lowest in Dunfanaghy.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the County in 1891, 95·02 per cent. were born therein, 2·61 per cent. in other Counties of the Province of Ulster; 0·35 per cent. in Leinster; 0·21 per cent. in Munster; 0·58 per cent. in Connaught; 0·91 per cent. in Great Britain; 0·32 per cent. were born abroad; and 1 person was born at sea.

Towns having, in 1891, a population of 2,000 and upwards, are classified in the Tables as Civic districts.

Civic Districts. (Table v.)

The County contains two such districts, viz., Ballyshannon and Letterkenny. In 1881, the population thereof amounted to 5,028; in 1891, it was 4,791, showing a decrease of 237 persons, or 4·7 per cent. In the rural districts of the County the decrease was 10·0 per cent.

Parliamentary Representation (Table v.)

There are four Parliamentary Divisions in the County, viz.:—North Donegal, West Donegal, East Donegal, and South Donegal, each returning one Member to Parliament; North Donegal having, in 1891, a population of 46,248, and a constituency of 8,965; West Donegal with a population of 47,346, and a constituency of 5,279; East Donegal, having a population of 45,417, and a constituency of 7,051: and South Donegal, with a population of 46,624, and a constituency of 6,710.

Religious Professions. (Table xxviii.)

The following Statement shows, according to Religious Professions, the number of persons in 1881 and 1891, and the increase or decrease during the decade:—

Religious Professions.	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1881–1891.		
	1881.	1891.	1881.	1891.	Increase.	Decrease.	Rate per cent.
Roman Catholics,	167,603	152,888	78·9	77·0	—	14,715	9·2
Protestant Episcopalians,	24,759	21,884	12·0	11·8	—	2,875	11·6
Presbyterians,	20,724	18,055	10·1	9·7	—	2,729	13·1
Methodists,	2,014	2,006	1·0	1·1	—	8	·4
All other Denominations (and Religion unascertained),	870	793	0·4	0·4	—	77	8·8
Information refused,	—	4	—	—	4	—	—
Total,	206,035	185,635	100·	100·	—	20,400	9·9

From the above Table it will be seen that of the total population of the County in 1891, 77·0 per cent. were Roman Catholics, 11·8 per cent., Protestant Episcopalians, 9·7 per cent., Presbyterians, 1·1 per cent., Methodists, and 0·4 per cent., members of other Religions Denominations. During the decade there was a

Printed image digitised by the University of Southampton Library Digitisation Unit

decrease in the number of Roman Catholics, amounting to 9·3 per cent.; Protestant Episcopalians declined 11·6 per cent.; Presbyterians, 13·1 per cent.; and Methodists 0·4 per cent.

Education. (Table xxx.)

The following Statement shows the Educational Status of the Inhabitants of the County of Donegal in 1881 and 1891, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms:—

Degrees of Elementary Education.	1881.		1891.	
	Number of Persons.	Rate per cent.	Number of Persons.	Rate per cent.
Read and Write,	76,876	37·3	92,768	50·0
Read only,	33,429	16·2	22,473	12·1
Illiterate,	95,730	46·5	70,392	37·9
Total,	206,035	100	185,635	100

From the above it will be seen that whereas, according to the Returns of 1881, only 37·3 per cent. of the Inhabitants could "read and write," in 1891, 50·0 per cent. could do so; that the per-centage of the population who could "read only" in 1881 was 16·2, and in 1891, 12·1; and that the per-centage of the "illiterate" fell from 46·5 in 1881 to 37·9 in 1891.

(Table xxxii.)

The following Statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate:—

—	1881.			1891.		
	Males.	Females.	Total.	Total.	Males.	Females.
Population, 5 years old and upwards,	88,906	94,090	183,096	167,256	82,125	85,131
Number of ditto Illiterate,	33,763	40,028	73,791	52,013	24,175	27,838
Proportion per cent.,	38·8	42·5	39·8	31·1	29·4	32·7

From the foregoing Statement it will be seen that, in 1881, 39·8 per cent. of the inhabitants aged five years and upwards were Illiterate (36·8 per cent. of the males and 42·5 of the females), and that, in 1891, the per-centage was but 31·1 (29·4 of the males and 32·7 of the females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1891, excluding children under five years of age, 37·3 per cent. of Roman Catholics, 13·6 per cent. of Protestant Episcopalians, 7·7 per cent. of Presbyterians, 5·9 per cent. of Methodists, and 4·3 per cent. of "all other Denominations" were Illiterate.

School Attendance. (Table xxxvii.)

The number of children attending school in the County of Donegal, according to the Census of 1881 (week ending 14th May), was 19,342, or 26·8 per cent. of persons aged 5 years and under 20; in 1891 the number returned (for week ending 30th May) was 20,839, or 32·4 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.)

In 1881 the number of persons in the County of Donegal, returned as Sick, on the night of the Census, was 1,289, or 1 in every 180 of the population; in 1891 the number so returned was 1,218, or 1 in every 153 of the population; of the latter number 975 were at their own homes, and 241 were in hospital.

Pauperism. (Table x.)

The number of persons returned in 1881 as receiving relief under the Poor Law System was 1,516, or 1 in every 136 of the population; of this number 914 were inmates of Workhouses, and 602 were in receipt of outdoor relief; in 1891 the number returned was 1,225 or 1 in every 151 of the population; 838 of these being in the Workhouses, and 387 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General, the number of Marriages registered in the County of Donegal during the ten years ending 31st March, 1891, was 6,901, equal to an average annual rate of 3·5 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·3 per 1,000.

The number of Births registered in the County during the ten years was 41,849, affording an average annual rate of 21·4 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·2 per 1,000.

The Deaths registered during the decennium amounted to 28,389, being equal to an average annual rate of 14·5 per 1,000; the corresponding rate for the whole of Ireland was 17·8 per 1,000.

Emigration. (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1891, amounted to 29,417 (14,749 males and 14,668 females); the number for the decade ending 31st March, 1881, was 30,085, for that ending 31st March, 1871, 11,902, and for that ending with March, 1861, 38,260, making a total of 109,664 for the forty years.

Registration of Births and Deaths and Emigration. Decrease in the Population.

The number of Births registered during the ten years ending 31st March, 1891, being 41,849, and the number of Deaths 28,389; a natural increase of 13,460 would appear to have taken place in the Population; but the Emigrants, during the same period, having amounted to 29,417, the net result shown by this method of calculation is a decrease of 15,957; the decrease in the population, as shown by the Census Returns, was 20,400, a disparity in the results to be accounted for, to some extent, by the fact that no record of Migration from one part of Ireland to another is obtainable.

(a) The Civic Districts comprise all Municipal Boroughs, Townships, and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window: in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.
Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses occupied by two or three families.
Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.
Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons returned to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons of circumstances in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications since 1811, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools (of which there are none in County of Donegal) being the first. See Rules of the Commissioners of National Education, page 5.

(a) "Erasmus Smith's" (1 Fahan, Lower; 1 Stranorlar); "Incorporated Society's" (Raymoghy); "Robertson's" (1 Killybegs, Lower; 1 Letterkeaveard) "Grouse Hall Endowed" (Oaldaff).

(b) "Prior" (Lifford).

(c) "Diocesan Seminary" (Letterkenny).

NOTE.

It was considered desirable (as in 1881) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness, should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, have presented Tables for each County in the Provinces of Leinster and Munster, and seven Counties in Ulster, and now present the following Tables for the County of Down; purposing to give similar Tables for each of the remaining Counties at such short intervals as the progress of the work will permit.

Methodists, and 5·3 per cent., members of other Religious Denominations. During the decade there was a decrease in the number of Roman Catholics, amounting to 9·4 per cent.; Protestant Episcopalians increased 2·4 per cent.; and Presbyterians declined 2·6 per cent.; there was an increase of 2,687, or 53·1 per cent. in the number of Methodists.

Education (Table xxx.) The following Statement shows the Educational Status of the Inhabitants of the County of Down in 1881 and 1891, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms:—

Degrees of Elementary Education.	1881.		1891.	
	Number of Persons.	Rate per cent.	Number of Persons.	Rate per cent.
Read and Write,	162,047	59·6	179,922	67·4
Read only,	46,796	16·8	31,822	11·9
Illiterate,	64,264	23·6	55,315	20·7
Total,	272,107	100·	267,059	100·

From the above it will be seen that whereas, according to the Returns of 1881, only 59·6 per cent. of the Inhabitants could "read and write," in 1891, 67·4 per cent. could do so; that the per-centage of the population who could "read only" in 1881 was 16·8, and in 1891, 11·9; and that the per-centage of the "illiterate" fell from 23·6 in 1881 to 20·7 in 1891.

(Table xxxii.) The following Statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate:—

—	1881.			1891.		
	Males.	Females.	Total.	Total.	Males.	Females.
Population, 5 years old and upwards,	112,260	128,711	241,001	236,119	111,552	124,567
Number of ditto Illiterate,	14,278	18,240	32,518	26,375	12,073	14,302
Proportion per cent.,	12·3	14·6	14·0	11·1	10·2	11·3

From the foregoing Statement it will be seen that, in 1881, 14·0 per cent. of the inhabitants aged five years and upwards were Illiterate (13·3 per cent. of the males and 14·6 of the females), and that, in 1891, the per-centage was but 11·1 (10·8 of the males and 11·3 of the females).

Religious Professions and Education. (Table xxxiii.) Taking Religious Professions and Education in combination, it appears that in 1891, excluding children under five years of age, 21·2 per cent. of Roman Catholics, 10·5 per cent. of Protestant Episcopalians, 5·5 per cent. of Presbyterians, 5·1 per cent. of Methodists, and 5·1 per cent. of "all other Denominations" were Illiterate.

School Attendance. (Table xxxvii.) The number of children attending school in the County of Down, according to the Census of 1881 (week ending 14th May), was 36,596, or 40·6 per cent. of persons aged 5 years and under 20; in 1891 the number returned (for week ending 30th May) was 39,618, or 46·1 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.) In 1881 the number of persons in the County of Down returned as Sick, on the night of the Census, was 1,479, or 1 in every 184 of the population; in 1891 the number so returned was 1,184, or 1 in every 225 of the population; of the latter number 932 were at their own homes, and 252 were in hospital.

Pauperism. (Table x.) The number of persons returned in 1881 as receiving relief under the Poor Law System was 2,237, or 1 in every 122 of the population; of this number 1,069 were inmates of Workhouses, and 1,168 were in receipt of outdoor relief; in 1891 the number returned was 2,077, or 1 in every 128 of the population; 661 of these being in the Workhouses, and 1,416 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.) For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General, the number of Marriages registered in the County of Down during the ten years ending 31st March, 1891, was 13,434, equal to an average annual rate of 5·0 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·3 per 1,000.

The number of Births registered in the County during the ten years was 68,667, affording an average annual rate of 25·5 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·2 per 1,000.

The Deaths registered during the decennium amounted to 51,316, being equal to an average annual rate of 19·0 per 1,000; the corresponding rate for the whole of Ireland was 17·8 per 1,000.

Emigration. (Table xxxviii.) The number of Emigrants from the County during the ten years ending 31st March, 1891, amounted to 23,638 (13,471 males and 10,167 females); the number for the decade ending 31st March, 1881, was 31,132, for that ending 31st March, 1871, 28,270, and for that ending with March, 1861, 47,906, making a total of 130,946 for the forty years.

Registration of Births and Deaths and Emigration. Decrease in the Population. The number of Births registered during the ten years ending 31st March, 1891, being 68,667, and the number of Deaths 51,316; a natural increase of 17,351 would appear to have taken place in the Population; but the Emigrants, during the same period, having amounted to 23,638, the net result shown by this method of calculation is a decrease of 6,287; the decrease in the population, as shown by the Census Returns, was 5,048.

The Navy and Military serving in Ireland are included in the Population Tables in 1861, 1871, 1881, and 1891, but not in previous Censuses. There were 65 military returned as serving in the County of Down in 1891.

NOTE—The County of Down was divided into four Parliamentary Divisions under the Redistribution of Seats Act (1885) 48 & 49 Vic., cap. 23. Downpatrick and Lisburn, which hitherto had returned one member each, ceased at the same time to be Parliamentary Boroughs. The Parliamentary Borough of Belfast, portion of which is situated in the County of Down, was enlarged under the same Act, and divided into four Divisions each returning a member. No change was made in the Parliamentary Borough of Newry. The figures for 1881 for the County Parliamentary Divisions and for the Parliamentary Borough of Belfast (part of), are for the areas then included respectively in the Parliamentary Borough of Belfast (part of), and the remainder of the Co. Down, exclusive of the Parliamentary Borough of Newry. The areas given for the townships and towns are estimated. For the entire Municipal Borough of Belfast, see Appendix to the Tables for the County of Antrim, p. 114.

(a) The remainder is in the County of Antrim, see note (c). (b) The remainder is in the County of Armagh, see note (c).

(c) Exclusive of the water referred to in note (b), Table I., p. 473.

(d) These figures do not include the number of Parliamentary Electors and Members of Parliament for the Borough of Belfast, the larger portion of which is in the County of Antrim, nor for the Borough of Newry, the remainder of which is in the County of Armagh.

(e) The remainder of the township of Newry is in the County of Armagh, it constitutes the "West Ward" of the township. The entire township has an estimated area of 701 acres, and contains 12,901 persons.

(f) The remainder of the township of Lisburn, which has been enlarged since 1881, is in the County of Antrim. The figures for 1881 are for the smaller area. The entire township has an estimated area of 1,135 acres.

(g) The townland of Warrenpoint has been formed since 1881. The figures for 1881 are for the town proper; those for 1891 are for the township which comprises a district surrounding the town.

(k) The town of Civiltown stands on the townland of Drumnascamph. It was not separately returned in 1881, see note (g).
(l) Included in Gilford township.
(m) The decrease in 1881 was attributed to the enumeration in Gilford township in 1871 of houses and population which properly belonged to the rural portion of Loughans townland, and to reduced employment in a spinning factory.
(n) See note (e), p. 497.
(o) This amount includes the valuation of Hilltown town.
(p) The town of Lawrencetown stands on the townland of Knocknagore; its estimated area is 8 acres.

NOTE.—The number of persons returned to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the County. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools being the first. See Rules of the Commissioners of National Education, page 5.

NOTE.

It was considered desirable (as in 1881) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness, should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, have presented Tables for each County in the Provinces of Leinster and Munster and two Counties in Ulster, and now present the following Tables for the County of Fermanagh, purposing to give similar Tables from time to time, for each of the remaining Counties, at such short intervals as the progress of the work will permit.

CENSUS OF IRELAND, 1891.

COUNTY OF FERMANAGH.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in 1881, and give the following Summary of the results obtained respecting the County of Fermanagh from the Census Returns of 1891.

SUMMARY.

Area.

The County of Fermanagh covers an area of 457,369 statute acres, or 2·2 per cent. of the total area of the country.

Distribution of Land. (Table I.)

According to the Agricultural Statistics (Ireland) for last year (1891), there were 42,894 acres under tillage, 85,083 under meadow and clover, and 239,003 under pasture, making a total of 346,980 acres of Arable Land, or 84·4 per cent. of the total extent of land in the County; 5,888 acres, or 1·4 per cent. under Plantations; 17,314 acres, or 4·2 per cent. under Turf Bog; 3,201 acres, or 0·8 per cent. under Marsh, and 22,537 acres, or 5·5 per cent., under barren Mountain Land. The remaining 15,018 acres, or 3·7 per cent., were returned as under "Roads, Fences, &c., &c."

Population. (Table II.)

The number of persons in the County of Fermanagh according to the Census was—in 1841, 156,481; in 1851, 116,047; in 1861, 105,768; in 1871, 92,794; in 1881, 84,879; and according to the recent Census **74,170** (**37,344** Males and **36,826** Females), or **12·6** per cent. less than in 1881.

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration was 15,686, the average number of persons in a family being thus 4·7; and the number of Inhabited Houses was 15,091, showing an average of 4·9 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables III. and I.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1881 and 1891; and the decrease during the decade :—

Baronies.	Population.		Decrease between 1881 and 1891.		Poor Law Unions.	Population.		Decrease between 1881 and 1891.	
	1881.	1891.	Number	Rate per cent		1881.	1891.	Number	Rate per cent.

Lurg,	14,232	12,301	1,878	13·2	Lisnaskea,	20,844	18,074	2,770	13·3
Magheraboy,	14,084	12,604	1,480	11·2					
Magheramesharn,	12,151	10,419	1,719	14·2					
Tirkennedy,	14,472	12,834	1,638	10·6					
Total,	84,879	74,170	10,709	12·6	Total,	84,879	74,170	10,709	12·6

From the foregoing Statement it will be observed that the highest per-centages of decrease in the Baronies took place in Coole and Magheramesharn, viz., 14·3 and 14·2 respectively; and the lowest in Tirkennedy and Knockninny, viz., 10·6 and 11·1 respectively. The highest per-centage of decrease in the Poor Law Unions occurred in that portion of Clones situated in this County, and the lowest in the part of Ballyshannon in this County.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the County in 1891, 88·49 per cent. were born therein; 7·38 per cent. in other Counties of the Province of Ulster; 0·84 per cent. in Leinster; 0·32 per cent. in Munster; 1·21 per cent. in Connaught; 1·51 per cent. in Great Britain; 0·30 per cent. were born abroad, and 1 person was born at sea.

Civic Districts. (Table v.)

Towns having, in 1891, a population of 2,000 and upwards, are classified in the Tables as civic districts.

The County contains one such district, viz., Enniskillen. In 1861 the population thereof amounted to 5,712; in 1891 it was 5,570, showing a decrease of 142 persons, or 2·5 per cent.; in the rural districts of the County the decrease was 10,507 or 13·3 per cent.

Parliamentary Representation (Table v.)

There are two Parliamentary Divisions in the County, viz., North Fermanagh and South Fermanagh, each returning one Member to Parliament; the former division having, in 1891, a population of 37,799, and a constituency of 5,919; and the latter a population of 36,371, and a constituency of 8,063.

Religious Professions. (Table xxvii.)

The following Statement shows, according to Religious Professions, the number of persons in 1881 and 1891, and the increase or decrease during the decade :—

Religious Professions.	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1881-1891.		
	1881.	1891.	1881.	1891.	Increase.	Decrease.	Rate per cent.
Roman Catholics,	47,240	41,103	55·8	55·4	—	6,137	13·2
Protestant Episcopalians,	30,374	28,369	36·4	38·2	—	4,005	13·0
Presbyterians,	1,708	1,312	2·0	1·8	—	396	23·2
Methodists,	4,903	4,779	5·7	6·5	—	84	2·7
All other Denominations (and Religion unascertained),	57	108	0·1	0·1	48	—	84·2
Information refused,	18	0	—	—	—	15	—
Total,	84,879	74,170	100	100	—	10,709	12·6

From the above Table it will be seen that of the total population of the County in 1891, 55·4 per cent. were Roman Catholics, 38·2 per cent. Protestant Episcopalians, 1·8 per cent. Presbyterians, 6·5 per cent. Methodists, and 0·1 per cent. members of other Religious Denominations. During the decade there was a

decrease in the number of Roman Catholics, amounting to 13·3 per cent.; Protestant Episcopalians declined 13·0 per cent.; Presbyterians, 23·2 per cent., and Methodists, 1·7 per cent.

Education. (Table xxx.) The following Statement shows the Educational Status of the Inhabitants of the County of Fermanagh in 1881 and 1891, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms:—

Degree of Elementary Education.	1881.		1891.	
	Number of Persons.	Rate per cent.	Number of Persons.	Rate per cent.
Read and Write,	48,130	58·2	47,703	64·3
Read only,	14,841	17·5	9,429	12·7
Illiterate,	24,580	29·3	17,038	23·0
Total,	84,579	100	74,170	100

From the above it will be seen that whereas, according to the Returns of 1881, only 58·2 per cent. of the Inhabitants could "read and write," in 1891, 64·3 per cent. could do so; that the per-centage of the population who could "read only" in 1881 was 17·5, and in 1891, 12·7; and that the per-centage of the "illiterate" fell from 29·3 in 1881 to 23·0 in 1891.

(Table xxxii.) The following Statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate:—

—	1881.			1891.		
	Males.	Females.	Total.	Total.	Males.	Females.
Population, 5 years old and upwards,	37,729	38,649	76,378	67,510	33,322	33,988
Number of ditto Illiterate,	7,806	8,532	16,338	10,378	5,184	5,194
Proportion per cent,	20·8	22·1	21·5	15·4	15·2	15·3

From the foregoing Statement it will be seen that, in 1881, 21·5 per cent. of the inhabitants aged five years and upwards were Illiterate (20·8 per cent. of the males and 22·1 of the females), and that, in 1891, the per-centage was but 15·4 (15·2 of the males and 15·5 of the females).

Religious Professions and Education. (Table xxxiii.) Taking Religious Professions and Education in combination, it appears that in 1891, excluding children under five years of age, 20·5 per cent. of Roman Catholics, 10·3 per cent. of Protestant Episcopalians, 5·0 per cent. of Presbyterians, 3·5 per cent. of Methodists, and 2·0 per cent. of "all other Denominations" were Illiterate.

School Attendance. (Table xxxvii.) The number of children attending school in the County of Fermanagh, according to the Census of 1881 (week ending 14th May), was 10,122, or 35·0 per cent. of persons aged 5 years and under 20; in 1891 the number returned (for week ending 30th May) was 9,588, or 39·7 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.) In 1881 the number of persons in the County of Fermanagh returned as Sick, on the night of the Census, was 490, or 1 in every 173 of the population; in 1801 the number so returned was 510, or 1 in every 145 of the population; of the latter number 334 were at their own homes, and 176 were in hospital.

Pauperism. (Table x.) The number of persons returned in 1881 as receiving relief under the Poor Law System was 835 or 1 in every 102 of the population; of this number 611 were inmates of Workhouses, and 224 were in receipt of outdoor relief; in 1891 the number returned was 507, or 1 in every 146 of the population; 389 of these being in the Workhouses, and 118 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.) For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General, the number of Marriages registered in the County of Fermanagh during the ten years ending 31st March, 1891, was 2,910, equal to an average annual rate of 3·7 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·3 per 1,000.

The number of Births registered in the County during the ten years was 15,681, affording an average annual rate of 19·7 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·2 per 1,000.

The Deaths registered during the decennium amounted to 12,258, being equal to an average annual rate of 15·4 per 1,000; the corresponding rate for the whole of Ireland was 17·8 per 1,000.

Emigration. (Table xxxviii.) The number of Emigrants from the County during the ten years ending 31st March, 1891, amounted to 10,158 (5,191 males and 4,967 females); the number for the decade ending 31st March, 1881, was 10,514 for that ending 31st March, 1871, 10,884, and for that ending with March, 1861, 17,372, making a total of 48,908 for the forty years.

Registration of Births and Deaths and Emigration. Decrease in the Population. The number of Births registered during the ten years ending 31st March, 1891, being 15,681, and the number of Deaths, 12,258; a natural increase of 3,423 would appear to have taken place in the Population; but the Emigrants, during the same period, having amounted to 10,158 the net result shown, by this method of calculation, is a decrease of 8,735; the decrease in the population, as shown by the Census Returns, was 10,709, a disparity in the results to be accounted for, to some extent, by the fact that no record of Migration from one part of Ireland to another is obtainable.

(a) The remainder of the Borough of Enniskillen is in the parishes of Enniskillen and Rossorry, barony of Magheraboy, see pp. 617, 620: for its entire area, houses, and population, see Table V., p. 586, this portion stands on the townlands of Enniskillen and Tonystick. A portion only of the latter townland was included in the Borough in 1881, see note (b), p. 630. The figures for 1881 and previous Censuses are for the smaller area.

(b) Including inmates of the gaol. (c) The town of Tempo stands on the townland of Edenmore; its estimated area is 11 acres.

(d) The remainder of the parish of Magheracross is in the barony of Lurg, see p. 611, and in the barony of Omagh, East, county of Tyrone.

(e) See note (h). (f) This amount includes the valuation of a portion of Bellanamallard town.

(g) The decrease was attributed in 1881 to the removal of cottier families from the townland.

(h) The town of Bellanamallard stands on the townlands of Bellanamallard, Drumkeen, and Saliona; its estimated area is 20 acres. The enumerator reports that some houses, &c. now included in the town were returned in the rural portions of Drumkeen and Saliona townlands in 1881.

(i) The remainder of the parish of Trosy is in the barony of Clankelly, county of Fermanagh.

(k) Including 1 person in the workhouse.

(a) The Civic Districts comprise all municipal boroughs, townships, and towns of 2,000 inhabitants and upwards.

Note.—The plan of classification in the foregoing table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class of all houses a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular sub-position, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in both of these characters.

(c) In this Class, Orphans and Children, and [illegible] all persons under 15 years of age, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools being the first. See Rules of the Commissioners of National Education, page 6.

NOTE.

It was considered desirable (as in 1881) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness, should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest: and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, have presented Tables for each County in the Provinces of Leinster and Munster and four Counties in Ulster, and now present the following Tables for the County and City of Londonderry, purposing to give similar Tables for each of the remaining Counties at such short intervals as the progress of the work will permit.
